

The mission developed by Dwight F. Davis himself remains today:

"To foster and encourage municipal, district, state, and national tournaments in the City of St. Louis and to stimulate interest in the sport and to encourage and educate the youth of St. Louis in sportsmanship as exemplified in tennis."

The Dwight F. Memorial Tennis Center is a 501c(3) non-profit organization. We rely on donations to provide community outreach programs and to make capital improvements to the facility. Our community outreach programs include the National Junior Tennis League, Wheelchair Tennis Program, and Nike Teams Camps. All of these programs provide opportunities for underserved youth in the St. Louis area. We annually host the USTA Wheelchair U.S. Open Championships.
